

ALL IN ONE ACCOUNTING & POINT OF SALE SYSTEM

ENGINEERED FOR SEAMLESS GROWTH PATH (PAINLESS)

Omni is an uncompromising ALL IN ONE COMPLETE TECHNOLOGY, designed to be scalable and configured to enable Omni to offer Omni Essential at the entry level, right through to the advanced Omni Premium addressing all the needs of medium to large businesses.

Omni's efficient performance innovation makes it possible to upgrade seamlessly to any higher Omni module or switch(s) instantly. No reloads or new installations are necessary, and all the information you have accumulated always remains intact. Omni's Point of Sale module is no exception.

** You have up to 28 days to pay and receive your permanent unlock key*

So you are secure in the knowledge that as and when your business expands, you can switch on additional functionality, seamlessly, instantly and effortlessly.

UNLIMITED HISTORY (FIND ANYTHING)

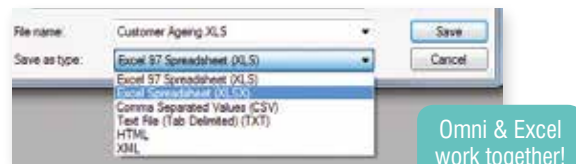

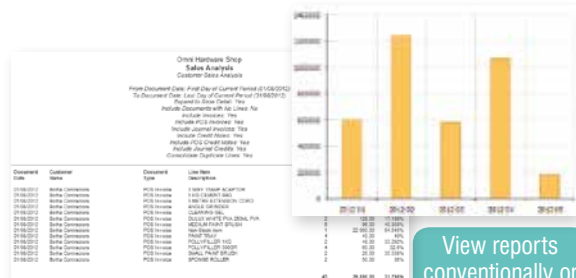

Omni keeps all your information. This means you can access ANY historical information you might need, no matter what it might be. So reprinting any historical reports or document or even an old till slip from many years back is easy.

DRILL DOWN TO "SOURCE" FROM ANYWHERE

If you ever see an unfamiliar transaction in Omni, and you are not sure where it came from, all you need to do is "double click" on the transaction and Omni will open up the original source document such as a till slip or bank deposit etc.

Add on Switches

or add any additional switches from the complete Omni Range!

INSTANTLY EXPORT TO AND BACK FROM MICROSOFT EXCEL

Exporting and importing of information (data) to and from Omni makes working with complementary packages such as Excel extremely easy.

OMNI'S POWERFUL (BUT EASY TO USE) REPORT WRITER

It is the consistent results, "output" or reports, that REALLY count! The "input" (the processing) is easy. However, with Omni's powerful report writer, which includes graphs and "pivot tables", you can easily design your own meaningful reports.

TAILOR OMNI POS TO SUIT YOUR EXCLUSIVE REQUIREMENTS

Omni's Point of Sale is unique in that it is NOT just an "add on" or "after thought" module that "interfaces" into an accounting system!! Omni Point of Sale Software is an INTEGRAL PART of the Omni Product Range, and therefore has a completely seamless integration with all the other aspects of the Omni Accounts, functions, bundles and switches, that you can tailor to best suit your exclusive accounting and management controls and requirements, no matter what your business type or your special needs.

switched on accounting

Everything you need at the shop

Control your tellers and the takings

Everything you need to manage your stock efficiently

Manage your customers and suppliers

Keep your fingers on the pulse with meaningful reports

Just manage your sales, purchases and banking, and let Omni do the rest

Know how profitable your business is at all times

Process VAT quickly & easily

Omni is "shipped" with over 300 standard reports, or you can customise your own.

TRUSTED BY OVER 25 000 USERS

OMNI'S POINT OF SALE (POS) IS A COMPLETE, FULLY INTEGRATED SYSTEM, COMPRISING OF:

- ✓ POS - Shop Floor
- ✓ Back Office - Sales, Teller, Purchases and Inventory management
- ✓ Financial - Complete accounting system

In addition you are able to add any other Omni switches if you need more functionality so there is no need for any other software packages outside of Omni.

Omni takes the risk out of choosing a POS system.

"Omni is a highly efficient and easy to use accounting system (with integrated POS) that will meet ALL your expectations"
